

# ALERT

Sound and light feature

Discover product in details

Nexelec

**Interconnection**  
Up to 25 wirelessly interconnected detectors and accessories

**Connected**  
Remote alerts and notifications

## Signal light

Strobe flash or wide-angle coloured lights to warn or inform occupants

## Powerful audible alarm

110 dB at 3 meters to effectively alert occupants

## Vibrating cushion compatible

The VIBRATE vibrating cushion (optional) is placed under the pillow to wake the resident if the ALERT light and sound alarms are not heard.

## Interconnected with detectors

When a detector triggers an alarm, ALERT immediately activates a light and sound signal. Suitable for the deaf and hard-of-hearing

## Test / Alarm button

Easily accessible button on the front of the product. Manually tests and triggers indicator light and audible alarm

## Silence function

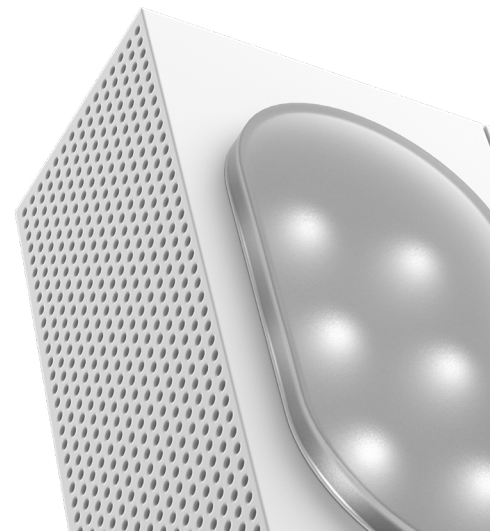

Stops device alarm at the touch of a button (configurable / deactivatable)

## Temperature / Humidity

Measures building environment parameters

Net weight: 200 g (including battery and stand)

Reference	Connectivity
X200LS	LoRaWAN

## FUNCTIONS

### Enhanced cyber security

Data transmitted by the product is secured from end to end using double AES128 encryption

### Rip-off protection

Lockable mounting base reduces risk of device removal

### Design

Facilitates product acceptance by occupants

### Easy to install

Freestanding on a desk or cabinet. Wall-mounted or fixed to a flush-mounted box. Adhesive mounting included

### Easy to configure

Easy product adjustment via contactless NFC technology from a smartphone

### Digital logbook

QR Code + application for monitoring installation and maintenance of the device

### Anti-tear detection

Triggers an alert message in the application if the device is removed from its mounting base

### High-performance battery

Operates on replaceable lithium batteries. Up to 10 years <sup>(1)</sup> autonomy

### USB-C power socket

Universal connector for quick and easy power supply. Includes replaceable lithium battery for backup power in the event of a power failure

## FEATURES

### Terms of use

Indoor environment  
Temperature: -10°C to +50°C  
Humidity: 0% RH to 99% RH (non-condensing)

### Power supply

2 battery slots  
1 USB-C socket

### Type de montage

Wall-mounted or free-standing

### Connectivity

### Data transmission modes

Periodic  
On change  
Grouped data (datalog) with transmission redundancy

### Warranty<sup>(2)</sup>

2 years

### Box content

1 product  
1 x 1.80m USB cable  
1 USB power adapter  
1 lithium battery  
1 mounting base  
2 screws and plugs  
1 3M adhesive fastener

### Wireless radio interconnection

Compatible smoke detectors :  
ORIGIN / ORIGIN+ / GUARD / GUARD+  
Compatible carbon monoxide detectors: AIR / AIR+  
Compatible heat detector: WARM

### Certification

<sup>(1)</sup> Battery life is not guaranteed and may vary according to product settings and use. <sup>(2)</sup> Please refer to the information available on the [www.support.nexelec.fr](http://www.support.nexelec.fr) website.
